The Global Talent visa application is a two-stage process. Stage One is applying for endorsement, Stage Two is applying for the visa. You can choose to apply for both at the same time, should you wish to do so.

Apply for Endorsement

Please refer to your Statement of Guarantee letter confirms which endorsement route you will be considered under.

UKRI Endorsed Funder route

You will need to [apply for endorsement](#) on the Gov.uk website.

- ❖ When asked the question *‘Are you applying under exceptional promise or exceptional talent criteria?’* please select ‘Neither – I am applying under the UK Research and Innovation endorsed funder route’.
- ❖ When asked the question *‘Are you applying for fast track consideration?’* please select ‘Yes’. You should then tick the boxes which appear against the following statements:
 - Written confirmation of the award from the endorsed funder or providing a link to the grant or award on a UKRI-approved database
 - A declaration from the director of human resources (or equivalent) of your employing or hosting organisation, explaining your role. This declaration must meet specific requirements.

Please ensure that you submit your Statement of Guarantee paperwork as part of your application for endorsement.

As this is a fast-track application route, you should receive an outcome from your endorsement application within 2 weeks.

Academic/Researcher Appointments route

You will need to [apply for endorsement](#) on the Gov.uk website.

- ❖ When asked the question *‘Are you applying under exceptional promise or exceptional talent criteria?’* please select ‘Exceptional Talent’.
- ❖ When asked the question *‘Are you applying for fast track consideration?’* please select ‘I have been appointed to a qualifying academic or research position at a UK higher education institution or research institute’.

To complete the endorsement application form, you need to [check which endorsing body approves your discipline](#).

Please ensure that you submit your Statement of Guarantee paperwork as part of your application for endorsement.

As this is a fast-track application route, you should receive an outcome from your endorsement application within 2 weeks.

Apply for your Visa

Ensure you have all the documents you need before you apply ([Gov.uk - Documents you'll need to apply](#)).

Once you have everything together you can apply for your Global Talent visa. There are two application routes depending on your current situation:

- ❖ [Switch to a Global Talent Visa](#) if you are already in the UK on a different type of visa
- ❖ [Extend your Global Talent Visa](#) if either of the following are true:
 - you applied for the Global Talent visa based on an endorsement, and the organisation that endorsed you has not withdrawn its approval
 - you applied for a Global Talent visa based on an [eligible award](#) you won, and the award has not been withdrawn

You must also be able to show that you have earned money in your expert field during your time in the UK.

If you have any dependents who are applying with you, please ensure that you follow the guidance on the Gov.uk website. We are unable to offer support with dependent applications ([Gov.uk - Your Partner and Children](#)).

Once you have applied online, proved your identity and provided your documents you should get an outcome within 8 weeks*.

You can find further information on when a decision may take longer and information on how to get a faster decision on the Gov.uk website ([Gov.uk - Get a faster decision](#)).

**Visa processing times are subject to change. The latest information can be found on the Gov.uk website ([Gov.uk - Decision waiting times](#)).*

Frequently Asked Questions (FAQs)

- ❖ **What do I enter under 'Field of Talent'?**
Please enter your field of talent as listed on [gov.uk](#). If your particular field is not listed, please select the closest option.
- ❖ **Do I need an Academic Technology Approval Scheme (ATAS) Certificate?**
No.
Currently this is not required for Global Talent Visa applicants.
- ❖ **Do I need to provide a Criminal Record Certificate?**
No.
Global Talent Visa applicants are not subject to this requirement.
- ❖ **Does the University determine a BRP collection location?**
No
- ❖ **Will the University cover my visa fees?**

It is not standard practice for the University to reimburse visa fees. Your School/ Service, however, may be able to reimburse some, or all of the visa application fees to you, but they are not under any obligation to do so.

If they are able to reimburse you, whether in full or part payment, please note the following conditions:

- Any monies paid to you will be subject to tax and National Insurance contributions.
- Reimbursed fees (whether in part or full payment) must only be paid in respect of your visa application and not any dependents' applications or other associated costs.
- The University cannot reimburse the Immigration Health Surcharge aspect of your application due to tax implications, as it is classed as a benefit.

❖ **Does the University offer relocation expenses?**

We do have a relocation expenses policy, however, it is only available to new employees on Grade 10 or above. If your salary is below this Grade, you would not be eligible to claim these expenses.

After you Apply for your Visa

You will get an email or letter containing the decision on your application. This will explain what you need to do next. Please send a copy of the decision email to your HR contact.

If you need to cancel your application, you can ask UK Visa and Immigration (UKVI) to do so. You will only get your fee refunded if the UKVI has not started processing your application ([Gov.uk - Cancel your visa](#)).

Please Note: *Those who are granted permission to stay in the UK for 6 months or less, must not leave the Common Travel Area (UK, Ireland, the Isle of Man, Bailiwick of Guernsey and the Bailiwick of Jersey) otherwise their permission to enter or stay will end.*

Getting a Decision on your Application

If your application is successful

You will be given either:

- ❖ A Biometric Residence Permit (for those who gave their biometric information at a visa application centre)
- ❖ Access to view your immigration status online (for those who used the smartphone app to prove their identity)

The Biometric Residence Permit or online immigration status will show:

- ❖ What you have been granted
- ❖ The dates your visa is valid
- ❖ The conditions of your visa

If your application is refused

You will get a letter or email explaining the reasons why including information on whether you have the right to either an administrative review, or an immigration decision panel. Further information can be found on the Gov.uk webpage: [Gov.uk - Getting a decision](#)

I have my new visa – what happens next?

There are different processes to follow depending on whether you are a candidate or a current University of Huddersfield employee extending or switching your visa.

I am a current University of Huddersfield employee extending my Global Talent visa

Continuing in employment whilst awaiting the outcome

Providing you have submitted a visa application before your current visa expires, the conditions of your visa continue whilst your application is being processed.

Positive Verification Notice (PVN)

The Employer Checking Service is used to request a Positive Verification Notice (PVN) from the Home Office to demonstrate that an individual has the right to work in the UK when they have an outstanding application with the Home Office.

You will be asked for certain information to enable us to obtain a PVN to cover your employment whilst your application is underway. A PVN lasts for six months, however, as soon as you receive your visa you must let us know so we can undertake a right to work check.

If you still have not received your visa when the PVN is due to expire, a further PVN can be requested.

Once the outcome is known

The following documents/information must be sent to your HR contact as soon as possible:

❖ The outcome from your visa application

Key points to note:

- Please ensure that you provide the full email you have received confirming your visa outcome.
- Please send a copy of both sides of your Biometric Residence Permit (BRP) if you have been issued with one.

Right to Work Check

We are not able to accept Biometric Residence Permits as evidence of your right to work in the UK. As a result, we will need to undertake a right to work check on the basis of your digital immigration status.

Please [obtain a share code](#) from the Home Office webpage and send that through to your HR contact as soon as possible, who will arrange a right to work check via video call with you.
