

# HR Monitoring System Guidance – HR Director

This document should be used by anybody with the HR Director role for the [HR Monitoring System](#). It outlines the steps you must take to approve a monitoring request.

## Key dates

The dates below identify the key dates within the system at which monitoring requests will become visible.

- Cut-off date: Monday 5pm
- Finance date: Tuesday
- HR Director date: Wednesday
- DVC date: Thursday

This means that the HR Director will only be able to view requests from the Wednesday (assuming they have been checked by Finance), and they should be checked prior to the DVC actioning them on the Thursday.

## Allocation of requests

Monitoring requests will be assigned to HR Director role once it has been checked by Finance and only from the key HR Director date (Wednesday) as mentioned in the [key dates section](#).

## Approving requests

Users with the HR Director role will be able to see all requests which they are required to process via the “My tasks” tab.

The number represents the number of requests which are currently awaiting approval, including those which you may have already requested additional information for. Clicking on the number should show you a table similar to the following:
