## Contract Type

### Age

Contract Type	Under 25	25-39	40-49	50-59	60+
Fixed Term	8%	50%	15%	11%	15%
Permanent	1%	29%	30%	30%	10%

### Commentary

The highest percentage of fixed term contracts are within the age range 25-39 with the lowest in Under 25. The percentage of staff with permanent contracts is static in the bands 25-39, 40-49 and 50-59.

## Disability<sup>1</sup>

All Staff	Fixed Term	Permanent
Disabled	5%	6%
No known disability	95%	94%

### Commentary

There is a 1% variance between those declaring disabilities in permanent roles and those in fixed term roles.

Declaration rates rely on an individual self-reporting using the HR self-service portal or through identification of a disability as part of casework management. Whilst some staff would meet the definition of disability under the Equality Act, they do not consider themselves disabled and therefore do not declare.

---

<sup>1</sup> Disability is defined under the Equality Act 2010 as a physical or mental impairment that has a substantial and long-term negative effect on a person's ability to carry out normal daily activities.
