When your legs don’t work like they used to before
And I can't sweep you off of your feet
Will your mouth still remember the taste of my love
Will your eyes still smile from your cheeks

And darling, I will be loving you till we’re seventy
And baby, my heart could still fall as hard at twenty three
And I’m thinking bout how

People fall in love in mysterious ways,
Maybe just the touch of a hand
Me, I fall in love with you every single day
And I just want to tell you I am

So honey now
Take me into your loving arms
Kiss me under the light of a thousand stars
Place your head on my beating heart
I’m thinking out loud
Maybe we’ve found love right where we are

When my hairs all gone and my memory fades
And the crowds don’t remember my name
When my hands don’t play the strings the same way
I know you will still love me the same

Cos honey your soul could never grow old, it’s evergreen
And baby, your smile’s forever in my mind and memory
And I’m thinking bout how

People fall in love in mysterious ways
Maybe it’s all part of a plan
Well I just keep on making the same mistakes
Hoping that you’ll understand

Baby now
Take me into your loving arms
Kiss me under the light of a thousand stars
Place your head on my beating heart
I’m thinking out loud
Maybe we’ve found love right where we are

Baby now
Take me into your loving arms
Kiss me under the light of a thousand stars
Place your head on my beating heart
I’m thinking out loud
Maybe we’ve found love right where we are

Maybe we’ve found love right where we are

We've found love right where we are
