Microsoft Office 2007
An introduction

Quick Access Toolbar
A customisable toolbar that contains a set of commands that are independent of the tab that is currently displayed.

Contextual Tabs
- Only appear when needed.
- Easier to find and use commands.

Mini Toolbar
Commands available whatever you are doing.

Galleries and Live Preview
- Heart of the redefined interface.
- Present potential results rather than complex dialogue boxes.
- Simplify process of producing professional looking work.
- Traditional dialogue boxes are still available for those wishing to have a greater degree of control.
