Computing and Library Services

Poster Promenade 2010

Supporting Researchers

Summon
- Easy access scholarly electronic resources at the University of Huddersfield and beyond
- Export search results directly into EndNote and Zotero

Support for Researchers web pages
- Find out more about everything that’s available to you!
- PortalPlus
- Research Lab

IT infrastructure
- 1GB of secure storage, plus shared space
- Advice on working with sensitive/confidential material
- Advice on storing and backing-up data
- Off-campus access using Mobile Desktop

Inter-library Loans
- Available for items not in stock at the University
- Speedy electronic document delivery
- Use Summon to search for items beyond the University and the ILL form is auto-completed

Repository
- Showcase your research to the world
- Rapid, wide dissemination of publications
- Indexed in Google Scholar

Keeping up-to-date
- Set up and manage RSS feeds and current awareness alerts
- Set up TiTOCs to view tables of contents of journals

Archives and Special Collections
- Unique, original resources including manuscripts, books, pamphlets, journals, newspapers

EndNote
- Capture, store and manage references
- Seamless integration with Summon and Word

Convivium
- Catch up with colleagues for a chat in comfortable surroundings

Advice and training
- 1:1 subject focus sessions
- Staff Development Programme courses:
  - Search faster, search smarter: advanced search tips and strategies to get the most out of Summon or subject databases of your choice
  - Organise your references with EndNote
  - Citation searching and impact factors for key journals
  - Copyright and intellectual property
