Student Helper

Describe your job in the shelving team in a sentence or two:

- Dynamic work which requires dedication, patience and self-motivation, however it is work which on daily basis makes me smile, because I like it.
- We assist students in using the library, shelving as quickly as possible and keeping the shelves tidy.

What’s the most enjoyable thing about working for the Library?

- Helping keep the material available and accessible for users (as I am one myself I know how important this is!).
- Working as part of a team – everyone is really friendly and approachable.

What transferable skills do you think you will take from this job to your next job/future career?

- Customer service skills, computer work, problem solving, time management.
- Endurance, working under pressure, working towards a target.
