

MAKE LIFE EASIER - USE THE APA REFERENCE BUILDER

A screenshot of the 'APA books reference builder' web form. The form is titled 'APA books reference builder' and shows a preview of a reference: 'Knight, A. & Ruddock, L. (2008). *Advanced research methods in the built environment*. Oxford: Wiley-Blackwell.' Below the preview, there are input fields for 'Author(s)'. 'Author 1' has 'A' in a text box and 'Knight' in a dropdown menu, with a '+ add author' button. 'Author 2' has 'L' in a text box and 'Ruddock' in a dropdown menu, with a '- remove author' button. Under 'Book details', there are input fields for 'Title' (Advanced research methods in the built environment), 'Year of publication' (2008), 'Edition (if not first)' (empty), 'Place of publication' (Oxford), and 'Publisher' (Wiley-Blackwell). The form is flanked by decorative flourishes on both sides.

Never lose marks for poor referencing again! The APA Reference Builder will make your life easier. All you have to do is choose what you want to reference, for example a book or an electronic journal article, enter the details into the online form and the APA Reference Builder will produce the reference for you. Then, just copy and paste the reference into your reference list.

What could be easier?!
